PROFESSIONAL HISTORY

Building Solutions, LLC, El Paso, TX	10/10-11/13
As a developer, architect and urbanist I am able to see all facets of a project, evaluate financial strategies and integrate them to a cohesive, buildable design. Working with landowners, city officials, architects and planners to bring a project to fruition is my key focus. By utilizing Smart Growth ideals, Transit Oriented Design, sustainability and housing affordability as the main objectives, I strive to integrate the needs of both the client and the area served while ensuring that the risks of real estate development are understood and overcome.	
MCB Architecture, PLLC	5/07–present
Formed in 2007, currently registered in the State of Florida and Texas. Specializing in furthering sustainable development through architecture and master planning concentrating on Form Based Codes, SmartCode and Transit Oriented Development as primary design goals.	
The Urban Collaborative, Based in Eugene, Oregon	2/08-7/11
Consultant Architect and Planner for a collaborative design team from across the US working with clients and stakeholders through the charrette process in 10 day planning sessions to redevelop military installations. Introducing the idea of new urbanism, sustainable development, design guidelines as well as and cultural and environmental sensitivity to future growth on military installations. All projects must meet Federal Sustainable Guidelines.	
Texas Tech University, El Paso, TX	08/07-6/13
Instructor, Architectural and Planning Studio Design, (4 th year) approximately 13 students.	
Cunningham I Quill Architects, PLLC, Washington, D.C	7/04 – 4/07
Senior Project Architect for a 30 person progressive design firm focusing on condominium loft design, high-end residential and urban infill master planning. Design processes included precedent research, intensive design charrettes and pin-up reviews, design studies in both physical and computer generated models as well as firm driven case study and continuing education seminars. Daily client communication, community outreach, construction document production, specifications and construction administration were job responsibilities as Senior Project Architect.	
Peter DeWitt Architect, PLLC, San Antonio, TX	7/03 – 7/04
Project Architect for small firm focusing on high end residential design.	

The Tamara Peacock Company...Architects, Ft. Lauderdale, FL	7/99 – 4/03
Project Designer for a 15 person architectural firm.	
Florida Atlantic University, Ft. Lauderdale, FL	7/02 – 5/03
Professor, Architectural Studio Design Level 5 and 6, (3 rd year)	
Midwest Companies, Maitland, FL	7/98 – 7/99
Design for Public Spaces, New Orleans, LA	5/98 – 7/98
Preservation Resource Center, New Orleans, LA	1/98 – 4/98
Sierra, Cardona, Ferrer, Guyanabo, Puerto Rico	5/95 – 8/95

EDUCATION
